Acridine Orange, demethylation 781
Adjuvant, influence on trifluralin behavior 569
Air
  fenobucarb & fenitrothion at altitude 669
  mercury, New Zealand 885
  pesticide transfer by hydrocoolers 685
  steady-state method for dusts 677
Alachlor, DNA adduct 387
Aldrin, crab midgut effects 480
Alkylbenzene Sulphonate, disappearance in *Anabaena* cultures 329
Allyl Chloride, testes changes 494
Ametryn, in birds, Costa Rica 562
Amine, mutagens in smoke 60
Amphibian, fenitrothion & frog density 30
Arsenic, in loggerhead turtles 546
Asbestos, transplacental transfer in mice 620
Azinphosmethyl
  biomarkers in vole 194
  cholinesterase in grass shrimp 645

Benzene, aqueous transport in soil 119
BHC
  effect on catfish ovary 16
  in dolphins 216
Bioassay
  digestion techniques for metals 425
  empore disk water extraction 202
  ethylation for methylmercury 511
  microtox for refinery wastewater 456
  pearl oyster as pollution indicator 245
  rapid toxicity tests, *Daphnia* 292
  shaker bath method for Cd 519
  steady-state method for dusts 677
  well purging & chemical properties 525
Butyltin, effect on freshwater organisms 9

Cadmium
  binding capacity of *Chlorella* 433
  blood biochemistry in rat 52
  effect on respiration & photosynthesis 936
  in cow's milk, Argentina 164
  in fish, Turkey 822
  in loggerhead turtles 546
  in trophic marine chain 112
  in wild animals, Slovakia 171
  scale deformation in carp 639
  scale morphology in *Cyprinus* 323

seed germination 45
shaker bath method 519
toxicity to *Chlamydomonas* 306
Carbaryl
cholinesterase inhibition in earthworm 904
crab midgut effects 480
in drinking water, Kenya 601
Carbofuran
in birds, Costa Rica 562
in drinking water, Kenya 601
CDEPA
DNA adduct 387
Cerium
in tubers & myocardial fibrosis, India 168
Chlorpyrifos
in particulates in air 693
naphthoflavone & toxicity, catfish 335
residues in sesame seed & oil 596
Cholinesterase
azinphosmethyl & grass shrimp 645
earthworms & carbaryl 904
paraoxon & fish 1
pesticides & *Chironomous* 448
Chromium
Coatzacoalcos River, Mexico 553
in loggerhead turtles 546
selenium effects on uptake in spinach 750
Cobalt, in fish, Latvia 538
Cooper
Coatzacoalcos River, Mexico 553
EDTA toxicity reduction 487
in moose liver 531
in rice & soil, Japan, Indonesia, China 266
toxicity to *Chlamydomonas* 306
Cypermethrin, in particulates in air 693

DDD, long-term tropical soil behavior 585
DDE
in wild ducks, Spain 134
long-term tropical soil behavior 585
DDT
in drinking water, Kenya 601
human exposure 238
in fish, Latvia 538
in human milk, Kenya 732
in human milk, Mexico 852
in sediments, Vietnam 347
in wolf viscera, Spain 709
long-term tropical soil behavior 585

Dichloraniline, phototransformation 81
Dieldrin
in fish & shellfish, England 802
in human milk, Kenya 732
Diflubenzuron, aquatic arthropods in evaporation ponds 702
Dimethoate, effect on soil microorganisms 916
Dye
degradation of violet 12 786
demethylation of acridine orange 781

Effluent
lithium chloride toxicity to fathead minnow 312
VAM fungi in soil, India 142
Endosulphan, in cowpea 225
Esfenvalerate, indirect effect on algal populations 797
Estrogen
Ph effects on response 759
in agricultural drain water, California 609
Eugenol, toxicity to trout 923
Exposure
barium in lipstick 507
dermal HCH & DDT 238
DNA adduct, alchlor & CDEPA 387
estrogens in drain water, California 609
hand to mouth soil transfer 379
organochlorines in human milk 732
pesticide transfer by hydrocoolers 685
pesticides in drinking water, Kenya 601
pyrethroid pest & control operators 837
tetraethyllead in workers 395
water treatment trihalomethanes, Egypt 502

Fenitrothion
bioconcentration in eel 809
degradation in wheat & barley 864
frog density 30
in air at altitude 669
Fenobucarb, in air at altitude 669
Fenvalerate, in pigeon pea 159
Fog, organic contaminants 355

Gallium Chloride, acute & chronic effects on Tilapia 931
Gluthathione, depletion by xenobiotics 909

HCH
biodegradation in alluvial soil 858
human exposure 238
in fish, Latvia 538

Heat Shock, stress proteins in carp 37
Heavy Metal
accumulation in Grey Mullet 949
Ba in lipstick 507
binding by Phormidium 739
bioconcentration in earthworm 280
Cd binding capacity of *Chlorella* 433
Cd scale deformation in carp 639
Cd shaker bath method 519
Cd & Cu toxicity to Chlamydomonas 306
Cd & Hg effect on seed germination 45
Cd & Pb in cow's milk, Argentina 164
Cd & Pb in trophic marine chain 112
Cd & Pb in wild animals, Slovakia 171
Cd & rat blood biochemistry 52
Cd & scale morphology in Cyprinus 323
Coatzacoalcos River, Mexico 553
Cu in rice & soil, Japan, Indonesia, China 266
Cu toxicity reduction by EDTA 487
digestion techniques 425
in central American sediments 252
in cultured shrimp 260
in fish, Latvia 538
in fish, Turkey 822
in loggerhead turtles 546
in moose liver 531
in otter liver & kidney 273
in rainwater, Japan 892
in sediments, Vietnam 347
methylmercury in fish 511
methylmercury & dopamine release in rat 632
organic Sn & freshwater organisms 9
Pb uptake & seed germination 285
Pb & aminolevulinic acid dehydratase 816
sediments, Arabian Gulf 417
Zn in rice & soil, Japan, Indonesia, China 402
Herbicide, phototransormation of dichloroaniline 81
Human
barium in lipstick 507
dermal exposure to HCH & DDT 238
hand to mouth soil transfer 379
myocardial fibrosis & cerium 168
organochlorines in breast milk, Belarus 231
organochlorines in milk, Kenya 732
phthalates in toys 68
tetraethyllead in urine 395
Hydroxyquinoxaline, persistence in soil 724
Hyperglycemia, induction by ochratoxin 626

Imidachloprid, in soil after chemigation 363
Iron, in fish, Turkey 822
Isoxaflutol, soil, corn & wheat persistence 577

Kelthane, long term tropical soil behavior 585

Lead
  aminolevulinic acid dehydratase 816
  Coatzacoalcos River, Mexico 553
  effect on estrogen response, rat 759
  in cow's milk, Argentina 164
  in loggerhead turtles 546
  in moose liver 531
  in trophic marine chain 112
  in wild animals, Slovakia 171
  uptake & seed germination 285
Lindane
  in cowpea 225
  in human milk, Kenya 732
  residues in sesame seed & oil 596
Lithium
  toxicity test with fathead ninnow 312

Malathion
  degradation in wheat & barley 864
  removal from lettuce by washing 592
Manganese
  in fish, Latvia 538
  in moose liver 531
Mercury
  in air, New Zealand 885
  in loggerhead turtles 546
  methylmercury in fish 511
  seed germination 45
Methoxychlor
  exposure induced glycoproteins, sea urchin 791
  growth, survival in trout 659
Methylcholanthrene, enzyme induction in carp 300
Methylmercury
  dopamine release in rat 632
  in fish 511
Mutagen
  amines in smoke 60
  river water, Korea 615
Monocrotophos, crab midgut effects 480

Naphthalene, vitellogenesis in crab 22
Natural Product
  inhibition of odor-producing bacteria 651
  toxicity to trout 923

Nickel
Coatzacoalcos River, Mexico 553
in fish, Latvia 538
Nitrate, cell death in mice 185
Nitrite
and chloride toxicity to trout 340
cell death in mice 185
well purging & chemical properties 525
Nitrogen
amendment leaching effects 716
conservation in manure 126

Ochratoxin, hyperglycemia in rabbits 626
Odor, inhibition of odor producing bacteria 651
Oil, BOD, glucose in *Azotobacter* 464
Organochlorine
BHC & catfish ovary 16
degradation by fungi 872
fish & tadpoles, California, USA 829
in dolphins 216
in fish, Latvia 538
in five lakes, India 209
in human milk, Belarus 231
in wild ducks, Spain 134
in wolf viscera, Spain 709
Organophosphate
cholinesterase in *Chironomous* 448
pesticides in fish & water, Japan 151

PAH, in sediments, Mexico 96
Paraoxon, fish cholinesterase 1
Parathion, blood chemistry in rat 52
PCB
cooking & flounder 845
disposition in striped bass 104
effect on *in vitro* fertility, mouse 766
effects on *in vitro* embyo development 773
in dolphins 216
in fish, Latvia 538
in particulates in air 693
in sediments, Viet Nam 347
in wild ducks, Spain 134
in wolf viscera, Spain 709
Kaweah River Basin, California, USA 829
Permethrin, in particulates in air 693
Phenol, accumulation by *Potamogeton* 944
Phormidium, heavy metal binding 739
Phosphorus, amendment leaching effects 716
Phthalate, in toys 68

Propiconazole, in birds, Costa Rica 562
Pyrethroid, effect on pest control operators 837

Quinalphos 724
  persistence in soil 724
  residues in sesame seed & oil 596

Resin Acids, in sediments, New Zealand 441

Selenium
  effect on Cr uptake in spinach 750
  in aquatic organisms 409
  in loggerhead turtles 546
Sodium Monofluoroacetate, uptake & persistence in plants 745
Stress Protein, in carp 37

1080 uptake & persistence in plants 745

Tetrachloroethylene, biodechlorination 88
Tetrachlorobiphenyl, 3-hydroxylation by MFO 898
Tetraethyllead, in workers 395
Thiram, effect on soil microorganisms 916
Tin
  organic tin & freshwater organisms 9
  toxicity to *Lemma* & *Azolla* 318
Toluene, toxicity of metabolites to Hela cells 177
Tributyltin, tocicity to *Lemna* and *Azolla* 318
Trichloroacetic acid, in industrial estuary 74
Triclopyr, in lettuce, South Africa 371
Trifluoroacetate, acetate metabolism in benthic organisms 472
Trifluralin, behavior in soil 569
Trihalomethane, in water treatment plant water 502

2,4-D, in lettuce, South Africa 371

Violet 12, biodegradation 786

Water
  alkylbenzene sulfonate disappearance 329
  azinphosmethyl & cholinesterase in shrimp 645
  benzene transport in soils 119
  biodechlorination of TCE 88
  chlorpyrifos, naphthoflavone toxicity, catfish 335
  conservation of manure nitrogen 126
  contaminants in fog 355
  crude oil, BOD, glucose in *Azobachter* 464
  dieldrin in fish & shellfish 802
  diflubenzuron & aquatic arthropods 702
  disposition of PCB in striped bass 104

empore disk water extraction 202
esfenvalerate effect on algal populations 797
fenitrothion bioconcentration in eel 809
fenitrothion & frog density 30
glycoproteins induced by methoxychlor, sea urchin 791
imidachloprid in soil 363
lithium chloride toxicity to fathead minnow 312
metals in Arabian Gulf sediments 417
methoxychlor, growth & survival of trout 659
mutagens in river water, Korea 615
nitrite & chloride toxicity to trout 340
organochlorines in five lakes, India 209
PAH in sediment, Mexico
pearl oyster as pollution indicator 245
pesticides in Lake Biwa, Japan 151
rapid toxicity tests, *Daphnia* 292
refinery wastewater toxicity 456
resin acids in sediments 441
Se in aquatic organisms 409
TCA in industrial estuary 74
TFA & acetate metabolism in benthic organisms 472
3 MC enzyme induction in carp 300
toluene metabolite toxicity to Hela cells 177
trifluralin soil behavior 569
VAM fungi in tanery effluent, India 142
well purging & chemical properties 525

Zinc
Coatzacoalcos River, Mexico 553
effect on respiration & photosynthesis 936
in fish, Latvia 538
in fish, Turkey 822
in moose liver 531
in rice & soil, Japan, Indonesia, China 402
Zinc Phosphide, in grain, fodder & forage 877
